Re: D.T.E. 03-100; Petition by the Boston Edison Company, Cambridge Electric Light Company and Commonwealth Electric Company d/b/a NSTAR Electric, pursuant to G.L. c. 164 § 94 and 220 C.M.R. §§ 5.00 et seq., for approval by the Department of Telecommunications & Energy for a new renewable power supply offering.

Ms. Cottrell:

The Union of Concerned Scientists (“UCS”) hereby petitions to intervene and be given the opportunity to participate in the above-referenced case.

UCS is a national non-profit organization of 100,000 citizens and scientists working for practical environmental solutions. For more than three decades, UCS has combined rigorous analysis with committed advocacy to reduce the environmental impacts and risks of energy. Our energy program focuses on encouraging the development of clean and renewable energy resources, and on improving energy efficiency.

The purpose of this docket is to implement a new renewable power supply offering to NSTAR customers. UCS seeks to ensure that the offer is as effective as possible in supporting renewable energy options and attracting customers.

UCS requests that the following individual be listed on the Service List in this proceeding:
